NOVEMBER  
2024  
ISSUE 389

756 Tangerine Woods Blvd., Englewood, FL 34223

It's not the cover of the Rolling Stone, but as close as it gets at Tangerine Woods! Halloween Dance, Sat, October 26th.

## We are so fortunate...

Barbara Coulter

It's great to see so many familiar neighbors returning to TW! If you have new neighbors please reach out and include them in activities: a personal invitation means so much more than reading about events on the bulletin board or in Topics! Remember to sign up for sports activities by early December.

This month sees the return of several community favorite social events: we'll celebrate our Veterans, host a Welcome Back dance, and celebrate at our Thanksgiving gatherings. Despite the horrific hurricane season that hit the SW Florida coast not once but three times TW has survived and already started the rebuilding process. It's frustrating to have our homes damaged but TW is a strong community that will continue to support each other and rebuild stronger.

We are problem solvers in TW. Keep striving to make each day the best day possible!

*THERE'S  
always  
SOMETHING TO BE  
THANKFUL  
for*

Our Lazy Daze & Dazies are undaunted by Helene and Milton's aluminum mountain. Our group will continue to pick up aluminum until it's done: make sure you bring yours to the curb and we will prepare it for recycling.

**#TWStrong** isn't just a logo, it's a motto by which we live and strive to make our community better. Originating in the weeks and months after Hurricane IAN in 2022 when so much of TW had damage. Everyone can volunteer to help continue to build a stronger community: we all have skills to help with large and small events and committees. If you see an opportunity where you can lend a hand, PLEASE jump in and help!

## Liz's Lines

Liz Summers, TWBOD President

For those who do not know me, my name is Liz Summers - I am the new president of the TWBOD. I want to thank John Walonski for serving on the TW board as director and holding the job of president for the past six months. He and Susan have moved leaving me, the Vice President, as your leader. Tom Welch has agreed to be the Vice President which left his director position open. Melissa Cherry graciously accepted that job. So your board is full.

Over the summer many items were accomplished. The kitchen was finished. TWERC purchased two new stoves and the cabinet company installed the missing cabinets and we now have a granite counter top on the right side. TWERC is in the process of securing two hoods for the stoves. They should be in place by November. Two AED's were purchased and the nurses group will meet to decide the best place for them to be located on our common property. A new fence was installed around the pool equipment. An external audit was completed. And several Social events were held and very much enjoyed by all.

Then came Debby, followed by Helene, and finally Milton. No these are not new residents. They were the uninvited hurricanes. In this last week I have witnessed so many acts of kindness, holding ladders, carrying bundles of branches, picking up of aluminum, passing out bottles of water, cups of coffee, and sandwiches just when they were needed. Some were cooking while others were delivering meals.

Angie was in the community on Thursday to quickly make a list of people to contact about repair on common ground. Friday morning before 8:00 am the tree company we use was here cutting and removing the seven trees we lost and shoring up some of the others which were leaning. By 8:00 Steve Hennessy was in and on our clubhouse checking what was needed to keep us up and running. Angie, we thank you for all you do for us!

Lastly I want to thank Lazy Daze and Dazies for their untiring work. They have given of their time and effort for many days since last Friday to clean/haul debris and aluminum, tarp, replace and button up gaping holes wherever they were. This was all before some of them completed their own homes, and before they were able to get out and play Shuffleboard, Bocci or Cornhole. WE thank you!

Lazy Dazies work on the aluminum recycling pile on Monday, October 14, 2024 - Thank you volunteers! You can volunteer too: meet at the Blue Building Monday mornings at 7:30 a.m. ask John Yannaci for more info.

More information for both of these social activities will be shared during Saturday morning coffee, on the TW Bulletin Board, and in future Topics.

## TW CERAMICS - Two Big THANK YOUS!

Thank you **Beate DuMouchel**, for all of the years you have kept the impeccable books in Ceramics. We wish you the best of luck as the TWERC Treasurer! Ceramics welcomes Pam Aulicino who is stepping into the financial manager position.

**Don Freiburger** has been our main mold pourer/electrical expert, and so much more. Don is turning over his co-chair position, and we are currently looking for anyone with interest in learning to pour slip molds. No experience needed for this, but keep in mind that some molds can be a bit heavy.

Thank you, **Don** for all your time and efforts in Ceramics. :)

If anyone may have interest in joining our team, come in and chat on Thursday mornings, or call - Steph Hedrick, 307-250-7945.

Pricing for Luminaries will be the same as last year. Please note that I have 1000 bags (sturdier) and 1000 battery candles. Once these are gone (first come, first serve) we will finish selling the paper bags and candles. Next year we will only sell sturdy bags and battery operated candles.

Set of three (candle, bag, & cup)

**\$1.00**

Set of four (candle, bag, cup, & wood block)

**\$1.50**

Candles only .75

Bags only .15

Cups only .10

Wood Block .50

### VOLUNTEERS are still needed to

**take orders.** If you are new to our community, please consider volunteering. This is not a very time consuming job, so please give it some thought. Without our volunteers we would not have a lot of the wonderful activities that we have. This is my last year as chair of this event; please consider getting involved so this tradition can continue: I will be happy to be your co chair for your first year!

Please call 860-716-8570 or email [bdumouchel10@gmail.com](mailto:bdumouchel10@gmail.com)

## What is the Luminary tradition at TW?

Residents are encouraged to purchase luminary candles and line their part of the street. These create a magical Christmas Eve. Some of our oldest residents remember this tradition from the first year that they were here. One of the original owners Bonnie Phillips stated, "I cannot recall a year that we didn't have luminaries in TW."

## ARTS & CRAFTS

Kimberley Choma

Tuesday ARTs & Crafts Group begins December 3 and will meet **10-12 every Tuesday.**

We are planning to have many different projects this season. The December project will be creating Xmas Cards with fun, simple watercolor techniques. Materials provided for minimal cost. Any questions, please call Kimberley, 248-672-2294

## ADOPT A FAMILY 2024

Robin Mikota

The Adopt A Family Charity is a long standing tradition in our community. Tangerine Woods partners with the Sarasota County Sheriffs' office to outfit deserving Englewood Elementary students and include all siblings in their household. These youngsters are good students; but, they come from families that need a bit of help. Our community has been very generous in the past and our contributions have grown every year.

While most children are wanting toys and electronics under their Christmas tree, these children are happy to unwrap socks, underwear, new shoes, or a sweater. So please dig deep when your holiday spirit is looking for a way to make a child happy. Your donation can be made at Saturday morning coffee beginning in November or to one of the committee members: Robin Mikota, Barb Badowski, Marsha McElroy, and Jane Warburton will be happy to accept any size donation: cash or checks made out to TWERC - please write **Adopt A Family** in the memo.

## THANKSGIVING AT THE CLUBHOUSE

Marthe Aubin

Our annual Thanksgiving PotLuck Dinner will be held once again at the TW Clubhouse on Thursday the 28th of November at 3 p.m.

Please remember to bring silverware, plates, glasses, and beverages of your choice for your personal use: tableware will not be provided. We will contact you with suggestions of what we need you to bring.

# Southernmost Point Buoy

Don Steele

The Southernmost Point Buoy is a monumental structure located at the southern tip of Florida on the island of Key West. It is 12 feet tall, 7 feet wide, and is 18 feet above mean sea level. Tourists call Key West 'America's Southernmost City,' 'Margaritaville,' 'The Last Resort,' and 'the Conch Republic,' and each label promises a place apart from the rest of our nation. It is probably the most sought out tourist attraction on the island of Key West and was designed to be attention-getting, indestructible, unstealable, and attractive.

Painted on the buoy are "The Conch Republic," "90 Miles to Cuba," "Southernmost Point, Continental USA, Key West FL," and "Home of the Sunset"; each a cultural expression. One event memorialized here is the blockade of Key West by the US government in 1982 when all traffic was searched for drugs. The island culture prefers to be portrayed as happy, in the Jimmy Buffett style, and made fun of the blockade by imagining their secession from the USA and renaming itself The Conch Republic. The buoy may be a visual manifestation inspired by their "Sovereign State of Mind."

The buoy is not the southernmost point in the continental USA. Key West is an island and not part of the continent. On the Island of Key West, the southernmost point is about ten miles southwest of the buoy. It is 94, not 90 miles, to Cuba. Its claim to be Home of the Sunset is subjective. Any place on earth can claim this. If home is where your heart is, and your heart is in Key West, then this sentiment is true.

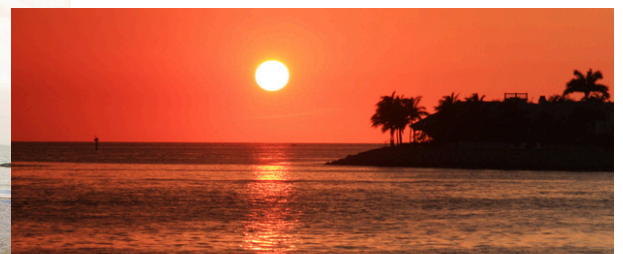

It is not even a buoy. It's a recycled sewer connection filled with concrete. These points may be trivial, but it supports the argument

that this Buoy is simply a cultural artifact projecting the sentiments of local cultures. It is a totem pole of American culture. Totem poles are a creation of indigenous populations on the west coast of this country that tell stories of the families, communities, and cultures that lived there. The Southernmost Point Buoy is a creation of this same style of artifact created by stacking the stories of Key West's cultural expression for travelers to see and interpret.

Why were so many sentiments added to this monument? The buoy is a visual expression of local cultures and affects viewers in different ways. Now it supports local commercial establishments which sell souvenirs, serve diverse foods and beverages to weary travelers convincing them to take a tour of the local area to see what Key West is, and this tour must include visiting the Southernmost Point Buoy.
